

**Announcement No. QTC69006**  
**Subject: Energy Conservation Policy**

QTC Energy Public Company Limited recognizes the importance of efficient and sustainable energy use in order to promote economic growth alongside environmental conservation. The Company is committed to being a model organization in sustainable energy management and to playing a role in reducing long-term environmental impacts. This forms part of the goal to achieve Net Zero Emissions and serves as a guideline for the Company's operations to be efficient, transparent, and compliant with applicable laws. The Company therefore establishes the energy conservation policy as follows:

1. The Company shall establish and develop an Energy Management System (Energy Management System) to enable the monitoring, inspection, evaluation, and continuous, systematic improvement of energy use.
2. The Company shall set targets and prepare an energy conservation plan, and shall communicate it to all employees to ensure understanding and participation in its implementation.
3. The Company shall support the use of renewable energy, including the adoption of clean technology in the continuous and appropriate development of business processes, in order to maximize energy efficiency.
4. The Company shall appoint an energy working team and provide the necessary resources for implementation, such as personnel, time, budget, technology, knowledge, and other essential resources.
5. The Company shall provide training and continuously encourage employees at all levels to gain knowledge, understanding, and participation in energy conservation in order to build awareness and develop personnel capabilities.
6. The Company shall strictly comply with energy-related laws, standards, and requirements, and shall support operations in accordance with the government's energy policy.
7. The Company shall review the policy, targets, and implementation plan for energy conservation for continuous improvement at least once a year.
8. Energy conservation is the duty and responsibility of executives and employees at all levels, who must cooperate in strict compliance with the established policies and measures.

Announced on 21 January 2026

Mr. Poonphiphat Tantanasin  
(Chief Executive Officer)
